

CO2 PACMAN The Island I Would Like Elba

COoperation and CO-designing PArtnership for CLiMAte Neutrality

Sunday, 22 March 2026

Capoliveri – Elba Island
(Italy)

Venue: Former Mine and Warehouse, Capoliveri

***9:15** Free shuttle departure (Molo Alto Fondale, Port Area, Portoferraio) – [Eventbrite registration](#)

10:30-11:00 | **Welcome and Registration**

11:00-12:30 | **Immersive walk: inside the landscape between past, present and future**

12:30 | **Light lunch, networking in Warehouse and interactive exhibition areas**

- *Elba Island Greenhouse Gas Inventory* – The basis for decarbonisation choices
- *Exploring Decarbonisation Pathways through the CO2 PACMAN Tool*
- *CO2 PACMAN Cool Game* – Learning decarbonisation through play: simple strategies for informed choices
- *Open Innovation Collaborative Action* – The island's challenges meet innovation: start-ups and solutions for a sustainable transition
- *AskyourcitizenonCaN* – Survey on citizens' perceptions of the project's key themes
- *Scenarios for the island's energy transition* – illustration of landscape scenarios and design examples
- *Virtual Reality* – exploring the island's energy transition between wind and solar power

Euro-MED

Co-funded by
the European Union

CO2 PACMAN The Island I Would Like Elba

COoperation and CO-designing PARTnership for CLiMAtE Neutrality

Monday, 23 March 2026

Portoferraio – Elba Island
(Italy)

Venue: “La Gattaia” Centre, Portoferraio

13:00–15:30 | Project Meeting and Steering Committee for Partners

15:30–18:30 | Experiencing Elba Island’s Ecological Transition- interactive exhibition areas

Outdoor session on:

- *Elba Island Greenhouse Gas Inventory* – The basis for decarbonisation choices
- *Open Innovation Collaborative Action* – The island's challenges meet innovation: start-ups and solutions for a sustainable transition
- *AskyourcitizenonCaN* – Survey on citizens' perceptions of the project's key themes and *Vox populi* interviews

Indoor session on:

- *Scenarios for the island's energy transition* – illustration of landscape scenarios and design examples
- *Virtual Reality* – exploring the island's energy transition between wind and solar power
- *Exploring Decarbonisation Pathways through the CO2 PACMAN Tool*
Co-design experience – [Free Registration via Eventbrite](#)

18:30–19:30 | Exploring Decarbonisation Pathways through the CO2 PACMAN Tool

- Session dedicated to administrators and technicians

20:00 | Social dinner

CO2 PACMAN The Island I Would Like Elba

COoperation and CO-designing PArtnership for CLiMAtE Neutrality

Tuesday, 24 March 2026

Portoferraio – Elba Island
(Italy)

Venue: “De Laugier” Cultural Centre, Portoferraio

09:00-9:30 | Welcome and Registration

9:30-9:45 | Institutional Greetings and Introduction to the CO2 PACMAN Project

Simone Bastianoni (Project Coordinator, University of Siena), Tiziano Nocentini (Mayor of Portoferraio), Curzio Cervelli (*Coordinator of Joint Secretariat Interreg Euro-MED programme*)

9:45-11:00 | Presentation of CO2 PACMAN Project Results

- *The results of CO2 PACMAN in Elba Island –*
Simone Bastianoni (Project Coordinator, University of Siena)
- *Energy transition as an opportunity for change –*
Gabriele Paolinelli (Project Partner of CO2 PACMAN, University of Florence)
- *Youth Think Tank – Presentation of transition scenarios developed by students from Elba Island*
School Principal Alessandra Rando, teachers and students (ISIS Foresi, Upper Secondary School)

A virtual reality area will be set up inside the auditorium; posters with the main results of the CO2 PACMAN project will be displayed outside

11:00 | Coffee Station Opening

11:00-12:45 | Round tables - Challenges for the Decarbonisation of Elba Island

11:00-11:30 | Mayors' perceptions of Climate Neutrality in light of the results of the CO2 PACMAN project

- Simone Bastianoni (Project Coordinator, University of Siena) and Cristiano Pellegrini (journalist) interview the mayors of Elba's municipalities on the results presented in the previous session.

11:30-12:30 | Opportunities for the Transition

Moderated by Cristiano Pellegrini (journalist)

- David Tei (Head of Ecological Transition and Environmental Sustainability Sector, Tuscany Region)
- Domenico Zaccaria (Official of the Superintendency for Archaeology, Fine Arts and Landscape for the Provinces of Pisa and Livorno)
- Irene Nicotra (Head of the European Planning and Policies Service, Province of Livorno)
- Claudio Della Lucia (President of CER Elba)
- Angela Pispola (Financial Accounting Advisory Services of Ernst & Young S.p.A.)

Conclusions: Alfonso Pecoraro Scanio, President, Fondazione Univerde

12:30-12:40 | Towards the Crete Lab

Stavroula Tournaki (Project Partner of CO2 PACMAN - Renewable and Sustainable Energy Lab -Technical University of Crete)

12:40-13:30 | Regional, national and European perspectives on climate neutrality

Moderated by Cristiano Pellegrini (journalist)

- Cecilia Cellai (member of the board of the Italian Alliance for Sustainable Development - ASVIS)
- Cap. Luigi Lanera (Councillor Minister for Civil Protection and Maritime Policy)
- David Barontini (Councilor for the Environment, Circular Economy, Land Reclamation, and Climate Change Protection for the Region of Tuscany)
- Nikos Xylouris (Vice Governor for Region of Crete)

13:30-14:30 | Light lunch

14:30-16:00 | Towards a roadmap for the decarbonisation of Elba Island

Moderated by Carmen Renovell (project partner of CO2 PACMAN, CEEI Valencia) and Patrizia Lupi (journalist, Editor-in-Chief of Enjoy Elba magazine and Director of the Elba Foundation)

Challenges and innovative solutions for the territory

- Giorgio Cucé (Chief Executive Officer of Seares) and Antonella Querci (Manager of the Development, European Programmes and Innovation Department at the Port System Authority of the Northern Tyrrhenian Sea)

- Companies involved in the “Open Innovation Collaborative Action”:
 - Norman La Rocca (Direttore Fondazione Acqua dell’Elba)
 - Claudio Della Lucia (Presidente CER Elba)
 - Antonio Arrighi (Azienda agricola Arrighi)
 - Mar Dominguez (Bluease)
 - Josep Pijuan Parra (EURECAT)
 - Davide Barbaresi (ENERECO)

Climate neutrality beyond the energy transition

- Matteo Arcenni (Extraordinary Commissioner of the Tuscan Archipelago National Park)
- Umberto Mazzantini (Head of Marine Policies, Legambiente)
- Massimo Rovai (President of Slowfood Toscana)

16:00-16:10 | From the Elba 2035 experience to the CO2 PACMAN Roadmap

Fabio Murzi (President, Acqua dell’Elba Foundation)

16:10-16:20 | Conclusions

Simone Bastianoni (Project Coordinator, University of Siena)
